Re: Name of Member
SCSI membership number: 0000000

Confirmation of professional status

I am writing to confirm A N Smith qualified as a Chartered Surveyor - SCSI on 28 August 0000

They qualified via SCSI:

- Assessment of Professional Competence (APC)

This was via the SCSI Valuation pathway, and they hold the following chartered designation: Chartered Valuation Surveyor.

I can confirm their membership is active. Our Regulation team advise the individual is compliant with SCSI CPD requirements and there is no ongoing regulatory matter or sanction against their record.

Should you have further query, please feel free to contact us at contact@rics.org

Yours sincerely,
